A review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with Generally Accepted Auditing Standards in the Kingdom of Saudi Arabia, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. 12. CONTINGENCIES

Goodwill

The Company entered into a purchase agreement whereby it has purchased the insurance business operations in the Kingdom of Saudi Arabia of Royal & Sun Alliance Insurance (Middle East) Limited E.C – Saudi Arabian Operations and Al Alamiya for Commerce and Services Limited. The purchase price was based on a valuation study conducted in accordance with the due diligence and valuation guidelines issued by SAMA. In accordance with the SAMA letter of November 10, 2008 ("the Letter"), the value of combined goodwill was estimated at SR 64.14 million. The amount will be paid in accordance with SAMA's instructions therein which include among other matters, the following conditions:

- The Company shall maintain solvency ratios and minimum capital requirements as per the guidelines prescribed by SAMA in this respect;
- No payment of goodwill will be made in the year when the Company reports a loss and the goodwill shall not be paid out of any retained earnings from earlier years;
- The payment is restricted to 50% of the profit earned in the current year; and
- Limitation will be placed by SAMA on the period during which payments can be made.

In view of the current year losses and the requirements set by SAMA in this respect as illustrated above, and the fact that the Company is not in a position to make the initial payment of goodwill, the goodwill has not been recorded as a liability and hence was reflected as a contingent liability in the financial statements pending compliance with SAMA requirements in this respect and their approval for payment.

Legal proceedings

The Company, in common with significant majority of insurers, is subject to litigation in the normal course of its business. The Company's management, based on independent legal advice, believes that the outcome of these court cases will not have a material impact on the Company's income or financial condition.
